"Based on the difficulties of the exam paper, all marks have been adjusted to a pass mark of 60%. However, ESHRE Embryology Certification exams will be difficult and their pass mark will remain at 66%. IFS congratulates all those who have passed the exams, while encouraging those who have missed to achieve the pass mark not to be disheartened and to use their results as a challenge to study more and be prepared for the exams.

IFS certificates will be emailed to all those who passed the final exams and submitted verifiable documents.

All lectures will be available on IFS website for all registered delegates for one month starting from 12.01.2022  
Please use your email I'd for access video on webiste ([www.indianfertilitysociety.org](http://www.indianfertilitysociety.org))."
